ALPINE CLUB OF THE YEAR

2013 XC CLUB OF THE YEAR

2014 & 2013 USSA FREESKI  
CLUB OF THE YEAR

2014 USSA FREESTYLE  
CLUB OF THE YEAR

2014 USSA SNOWBOARD  
CLUB OF THE YEAR

**EXECUTIVE DIRECTOR KIRK DWYER**

*Dear Ski & Snowboard Club Vail Community,*

I felt it important to reflect on SSCV's Strategic Vision in this Annual Report as we aspire for our athletes to have the opportunity to become the best they can be. There are three phases of development in our sports-- **the discovery phase** where the athlete develops a curiosity and love for sport, easily learning skills when provided enough frequency and participation at this formative prepubescent age; the **intrinsic motivation phase** when the athlete develops a passion for sport that motivates them to do more of their own volition; and the **aspirational stage** when the athlete aspires to be the best they can be at their sport, working tirelessly regardless of skill level to attain their goals. We must all remember to avoid any preconceived notions of a child's limits at each of these phases, realizing that each child is at their own unique level of physical and emotional maturation. I have coached athletes who far surpassed what others may have ever believed them capable of through their passion and work ethic, and through those around them believing in what they were capable of.

SSCV's success is measured *not* by the results of our elite athletes, but by our ability to unlock the key for each and every athlete, regardless of age, skill level or snowsport, that will enable them to evolve through each phase to become the best they can be. It is important to note that successful evolution through these phases will not be possible without adversity. It is when youngsters challenge themselves to the limits of failure because of their love and intrinsic motivation for their sport that they will truly learn and advance in their sport. It is remarkable to see how much athletes can learn through the vehicle of a competitive snowsport, not only serving them well during their time at SSCV, but providing them the confidence and skills needed to be successful in their adult lives.

It is not only our athletes that learn and grow through adversity. These past nine months have challenged the entire SSCV community in unprecedented ways - staff, athletes and parents alike - to work harder to navigate the times. In the face of the current pandemic, our devotion to our athletes remains stronger than ever. With the onset of COVID-19 related closures in March, coaches worked diligently to keep athletes engaged, albeit remotely, including athlete/parent meetings, end of season evaluations, season-end team celebrations and full-time athlete online workouts. Their efforts included identifying, planning and supporting safe on-snow camps as well as strength and conditioning, endurance, water ramp, trampoline and other off-snow training opportunities in addition to mountain bike training sessions and competitions. These collective efforts also fulfilled an inherent need to create meaningful connections with our athletes in an otherwise isolating time and regardless of the circumstances. SSCV implemented changes in operations to remain in compliance with state and local guidelines and requirements to ensure the safety of staff, athletes, parents and the community-at-large. From masks to social distancing measures to the installation of a Synexis system at the SSCV Clubhouse that combats COVID-19 as well as other contaminants, we take the health of you and your family seriously and will continue to do so in the coming months. The degree of dedication displayed by athletes, parents, and staff to their sport and each other has been truly remarkable.

## EXECUTIVE DIRECTOR KIRK DWYER

The 2019-2020 season has been one for the books. As an organization, there has been significant growth in our capacity to train and accommodate our athletes thanks to the contributions and efforts of our many supporters and community partners. Two of the club's largest undertakings and most notable accomplishments of the past year (although they have been in the works for 30+years) have been the opening of the Golden Peak Expansion and the completion of the SSCV Clubhouse. The Expansion is a tremendous asset in the training of alpine athletes (and new for 2020-2021, early season training for mogul athletes). The permanent mogul venue construction on Golden Peak will occur this coming summer and be in place for 2021-22. Given its higher elevation and robust snowmaking infrastructure, the Expansion is also a game changer for early and late season training. The SSCV Clubhouse provides a place for all SSCV athletes, parents and staff along with friends of SSCV to gather together as a community. It also houses the SSCV Technical Services Shop with its recently acquired state of the art Wintersteiger machine and an increased number of highly skilled technicians, increasing the capacity for high quality output. The Steadman Philippon Athlete Performance Center, also located at the SSCV Clubhouse, will enable The Steadman Clinic and Steadman Philippon Research Institute, longstanding SSCV partners, to provide an even higher level of resources, research and continuing education for SSCV athletes and staff.

When I signed on as Executive Director at SSCV I wanted a limited tenure for a sense of urgency to accomplish our key strategic points of emphasis. As I enter my fifth and final season as SSCV Executive Director, I see athletic depth across all snowsports, an exceptional coaching staff, world-class resources, venues and facilities, strong partnerships and a highly supportive community - the foundational pieces needed to be the best we can be. Based on results across all five snowsports SSCV has earned the distinction of being the top snowsports club in the US. SSCV's goal **to be the best we can be** is a higher aspirational level for which we have established the foundation and will work to achieve. A successful succession plan has been an objective for me and our board. I am excited John Hale, our current COO, will become Executive Director on May 1, 2021 and will work with John and the board to ensure a seamless transition. Alongside my Executive Director responsibilities I have stepped into the role of Alpine Program Director as part of this planning.

In closing, I hope you enjoy and appreciate the photos and reflections that follow as much as I have. They capture the foundation SSCV has laid to enable SSCV and its athletes to be the best they can be and provide a glimpse into our athletes' journeys this past season. Most notably they highlight the impact made and outcomes achieved not only during, but long after, our athletes' time at SSCV --- FOR THE KIDS.

Sincerely,

Kirk Dwyer  
Executive Director  
Alpine Program Director  
Ski & Snowboard Club Vail

## STRATEGIC INTENT / VISION STATEMENT

Our objective is to provide the level of quality commensurate to the needs and goals of *all our athletes*, so they can become the best they can be. We aspire that more of our athletes will become the best in the world than any other club. SSCV is a Vail Valley Centric Program.

"These are times that none of us have ever experienced before. It is during exceptionally challenging times that our mission is even more critical. Our kids have a safe, productive outlet to grow and develop life skills that will serve them throughout their lives. We know that members of our community are struggling. I hope we all will offer support according to our means to help our community. I am proud to be part of SSCV. I hope you feel the same."

**- Dan Leever,**

*SSCV Trustee, parent of SSCV and VMS alpine alumnus  
and grandparent of SSCV and VMS alpine athlete*

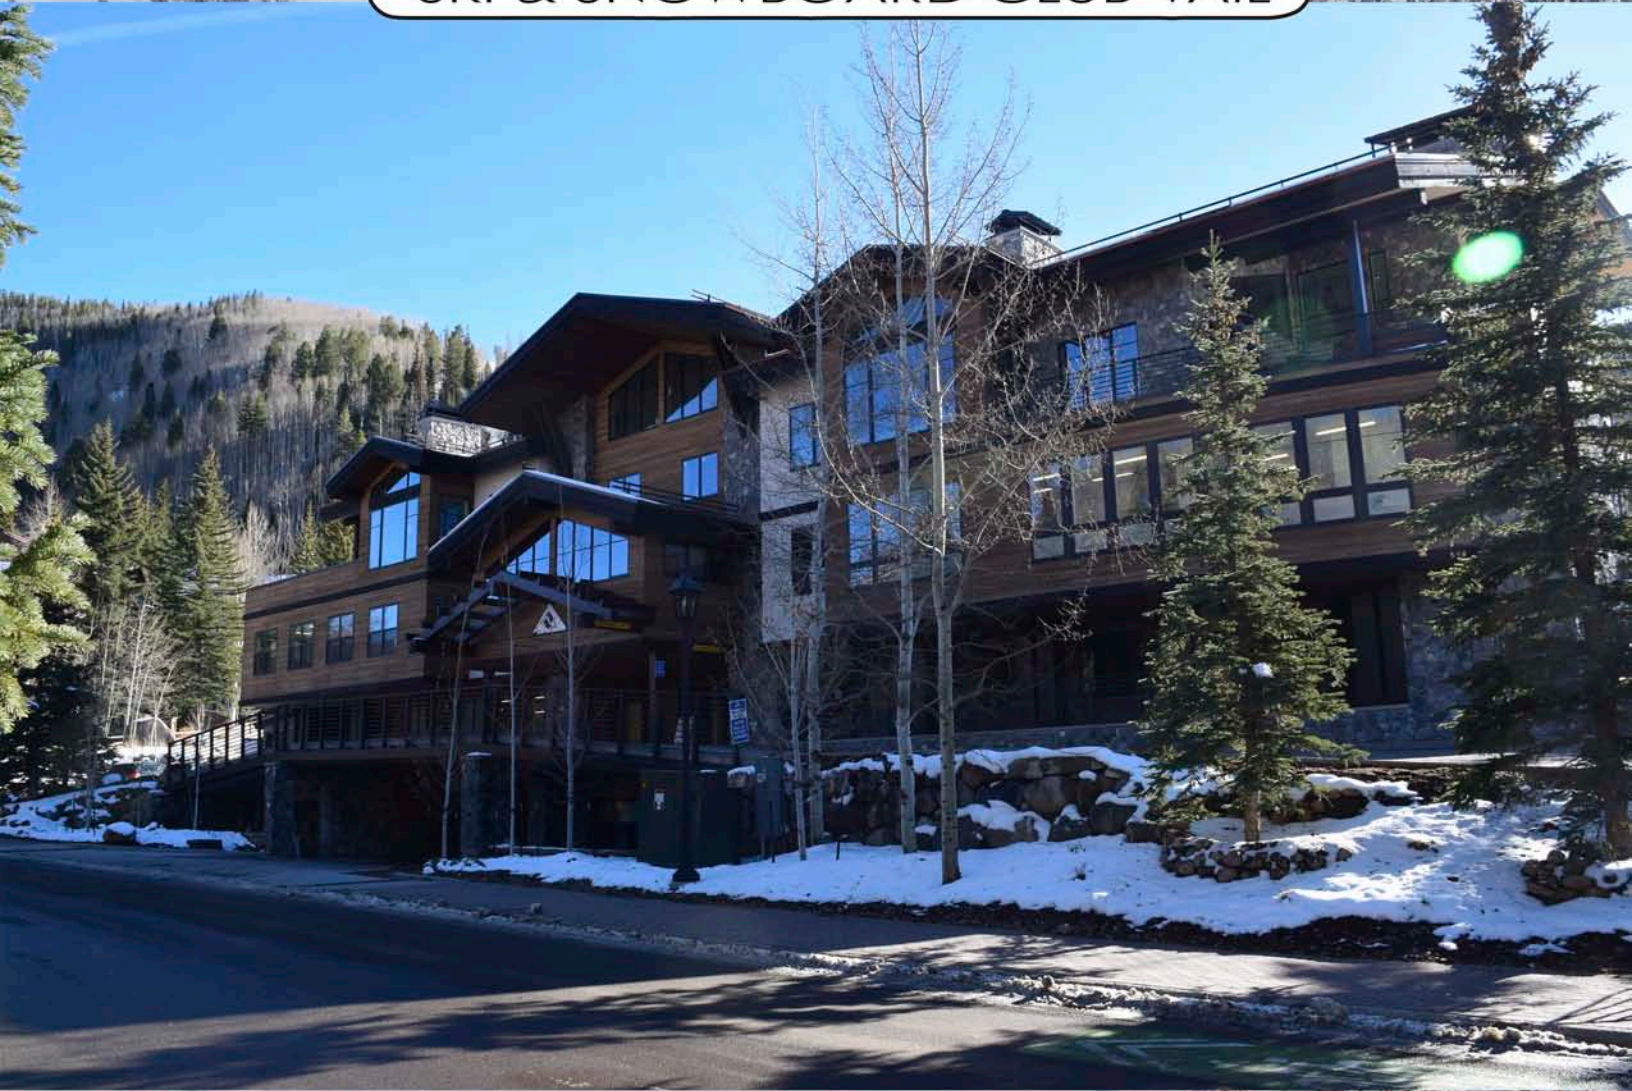

"We are thrilled to have completed both the Clubhouse and the Golden Peak Expansion project, and we look forward to a fantastic season ahead utilizing both of these remarkable facilities.

These two projects have been a long time coming, arguably upwards of 30 years in the making. The fact that both came to fruition simultaneously in 2019-20 speaks to the incredible energy and resources surrounding SSCV.

When combined with our fantastic staff, we look forward to all that these tremendous resources will bring to SSCV athletes and families for years to come."

**- John Hale,**

*SSCV Chief Operating Officer, incoming Executive Director effective May 1, 2021 and SSCV and VSSA parent*

**STEADMAN PHILIPPON**  
ATHLETE PERFORMANCE CENTER

"As long time supporters of SSCV, The Steadman Clinic and Steadman Philippon Research Institute value the opportunity to provide a variety of sports medicine related resources to SSCV including front-line and expedited medical assessments by a full-time dedicated Steadman Clinic Athletic Trainer and by me as the medical director and our medical, orthopaedic and sports medicine experts, Snowsports Lower extremity Injury Prevention (SLIP) program research, findings and recommendations, complimentary Fall sports physicals for full-time athletes and continuing education on a variety of topics including sports performance, recovery and concussion protocols. We look forward to the opening of the Steadman Philippon Athlete Performance Center at the SSCV Clubhouse which will enable us to provide an even higher level of resources, research and continuing education for SSCV athletes and staff."

**- Dr. Peter Millett,**

*Partner at The Steadman Clinic, Chief Medical Officer, Board Member and Research Advisory Board Member at the Steadman Philippon Research Institute, Medical Director at SSCV and parent of one SSCV alpine athlete and three SSCV alpine alumni*

"All of us at Technical Services are very proud to be a part of such a world class organization. SSCV has provided us with the facilities and tools to do our job to the level that we stand, one of the best in North America. Working closely with coaches and athletes, we have the ability to be a strong support mechanism inside the club to allow our athletes to succeed at the highest level on any given competition or training day."

**- Paul Suomi,**  
SSCV Equipment Manager

"The Minturn Fitness Center provides opportunities for SSCV full-time athletes ages 14 and above to maximize in-season potential in their sport through snowsport- and development-level specific functionally based strength and conditioning programs designed by experienced SSCV Human Performance staff in collaboration with industry experts. The train-the-trainer model utilized at the MFC allows SSCV coaching staff under the oversight of the Human Performance staff to provide great year-round programming for these athletes. These resources are a critical piece of what enables SSCV athletes to become the best they can be in their sport. The Minturn Fitness Center would not exist without the partnership with the Town of Minturn."

**- Bryan Rooney,**

*SSCV Director of Operations*

≈ NCAA Collegiate Team Members  
≈ National Team Members

## SSCV 2019 - 20 NCAA Athletes

Thirty-four SSCV alumni participated in snow sports at the collegiate level this past year as members of NCAA Division I teams. This is a very competitive pathway for alpine and nordic skiers. SSCV is proud to have so many men and women earn spots on these teams and continue to excel at the collegiate level, representing SSCV at college campuses around the nation.

"The relationships that I have made through SSCV are ones that I will cherish for life. Aside from my parents, the most frequent texts that I receive checking up on me at school are from past coaches. To have SSCV take me back in after losing my college season speaks to how invested they are in each of us as athletes and individuals even after we have left the club."

**- Emma Hall,**

*SSCV Athlete Coach, SSCV and VSSA alpine alumna and Middlebury College student/ski racer*

### 30 Ski & Snowboard Club Vail Athletes and Alumni Nominated and Named to National Team Status

U.S. Ski & Snowboard announced its 2020-2021 team nominations which included the following twenty-eight Ski & Snowboard Club Vail current and former athletes. In addition, SSCV athlete Henry Heaydon was named to Snow Australia's National Alpine Team and Thomas C. Walsh was named to the U.S. Paralympics Alpine Skiing National Team. We are extremely proud of the determination and grit these athletes have displayed over the years to earn this national team status and look forward to a great season ahead for them.

#### U.S. National Teams

##### ALPINE NOMINATIONS:

###### A Team

Mikaela Shiffrin

###### B Team

Bridger Gile  
Kyle Negomir  
River Radamus  
Alice McKennis  
Paula Moltzan

###### C Team

Cooper Cornelius  
Nicola Rountree-Williams

###### Development Team

###### Slopestyle/Big Air Pro Team

Julia Marino

###### Snowboardcross

Faye Gulini

###### Development Group

Meghan Tierney

#### Snow Australia National Alpine Team

Henry Heaydon

#### U.S. Paralympics Alpine Skiing National Team

Thomas C. Walsh

"SSCV put me in touch with some of the most inspiring friends and role models I've ever found. Having a community that is so focused on helping its kids achieve success tends to attract some incredibly altruistic and motivated people to coach and teach and mentor, which in turn breeds an environment of enthusiastic and ambitious kids willing to work hard at whatever their goals are. I know I wouldn't be where I am today without going through the SSCV program, and would've missed out on some of the best experiences of my life."

**- Kyle Negomir,**

*US Alpine Ski Team member and SSCV and VSSA alumnus*

"Since I was 7 years old, Ski Club Vail has been a dominant force in my life. I am forever grateful for the club lighting a spark that has led me to the national team, college, and to see the world."

**- Allie Resnick,**

*US Alpine Ski Team member, SSCV Alpine athlete and VMS alumna*

"The club has become a second home for me since I joined the club at 5 years old. I have created life-long friends and built strong relationships with coaches who have helped me grow my passion for the sport."

**-Emma Resnick,**

*US Alpine Ski Team member and SSCV Alpine athlete and VMS student*

"Coach Pam, I put on my skis all by myself, and guess what, I took them off too!" , said a six-year-old Future Star. Our goal as Future Stars coaches is to instill independence and self-confidence in our youngest athletes as they move up and onto the next stage of their skiing career. It is so fun to see where they go and how they continue to grow as skiers both on and off the hill. I am honored to be a part of a team of coaches that have a lot of passion for skiing and help foster that passion with our youngest athletes."

**- Pam Peterson,**

*SSCV Future Stars Head Coach and parent of  
two SSCV/VSSA alpine athletes*

"The culture of ski racing inspires me most, and helping athletes develop a lifelong LOVE of the sport has always been a priority. As a former competitor, longtime coach, and parent, I have enjoyed the long term process, and valuable life lessons learned in this sport. There is nothing more rewarding than seeing athletes have fun, while achieving their goals...certainly the best part of the journey!"

**- Anje Worrell,**

*SSCV Alpine Part-Time Programs Head Coach and parent of SSCV alpine athlete and VSSA alumnus and SSCV and VSSA current freeski athlete*

"The SSCV U12 Team is full of eager athletes and coaches, always looking to try new things and develop their character. The coaching staff holds over 40 years of collective experience and still strives to connect with athletes and try new things. Aspirations on and off the hill are high with this crew, and with the facilities at SSCV the sky is the limit!"

**- Erik Gilbert,**

*SSCV Alpine U12 Head Coach*

"The decision to move to SSCV from the east coast was based on the senior leadership of the club ("Kirk") as well as the outstanding facility and game changing expansion which would allow our children to have more time on snow in two months than a full season on the east coast. SSCV has not only provided this opportunity but so much more to our children through their coaches who are not only enabling them to achieve their goals on snow but are mentors and leaders, as well as educators and confidants."

**- Douglas Bosma,**

*Parent of two SSCV and VMS alpine athletes*

"Ski and Snowboard Club Vail taught me to take pride in hard work, and fearlessly strive for excellence. I've used these lessons in school, friendships, and athletics, striving to become the best version of myself. SSCV has made me the person I am today."

**- Brendan Keane,**

*SSCV and VMS alpine alumnus, Dartmouth College student, SSCV coach and ski racer*

"The SSCV U14 full-time program is revered with the highest level of coaches for this age group in the country with two ex world cup skiers, multiple national ski school certificates and a former USSA Domestic Coach of the Year. This U14 team has fun, yet is very determined to be their best with supportive parents and facilities that match and exceed any of our competitors in the world of snow sports!"

**- Rob Worrell,**

*SSCV Head Alpine U14 Coach and parent of SSCV alpine athlete and VSSA alumnus and SSCV and VSSA current freeski athlete*

"As both a parent with three kids who have been part of SSCV and a Trustee for 12 years, I am proud of what we have accomplished over the past couple of years. The new Clubhouse, which was funded by the sales of the two penthouses, provided us with a new gathering place to enhance our sense of community and culture. And, the Gold Peak Expansion provides the best on-hill training facility in the country. While these new facilities have set-up SSCV athletes to be the Best in the World, it is the wholesome experience that our kids have had, which has taught them to manage their time, stay healthy and to deal with personal challenges. These skills have enabled them to be successful in college and beyond. We are huge fans of SSCV and we thank the coaches and staff for everything they have done for our family!"

**- Jeff Kirwood,**

*SSCV Board Vice Chairman, Treasurer and Trustee and parent of one SSCV/VMS alpine athlete and two SSCV/VMS alpine alumni*

"Beyond the facilities and the on-snow training, the passion from the coaches and staff at SSCV stands out more than anything. I see the effect they have on my own kids' happiness when they ski down and load up the car at the end of a long day. I witness it when my staff finishes an 8 hour session of watering the training hill and talk about how pumped they are for the good training we've created. The stoke the coaches share amongst their athletes, and themselves, so that the athletes can get a little closer to their individual goals is moving."

**- Ian Dunlop,**

*SSCV Mens Alpine U16 Head Coach and parent of two SSCV athletes*

"Working with the FIS program provides a unique opportunity. I am able to witness years and years of involvement in the club culminate at this level. The relationships forged through personal and athletic growth are an amazing thing to see. Whatever direction our athletes choose to move towards after being in the club, I'm confident that we can count on their commitment, determination, passion, self-reliance and sense of community. I'm lucky to be a part of it and to work with these young men."

**- Ian Lochhead,**

*SSCV Men's Alpine FIS Head Coach*

"Working with the women's FIS program is an incredible privilege. The maturity of each of these athletes day in and day out is a true reflection of how amazing this club and its coaches are across all age groups. I am privileged to work with each one of these young women and see it not as a job but as an opportunity each day."

**- Andrew Keating,**

*SSCV Women's Alpine FIS Head Coach*

"We want the conversations with our athletes to go from 'getting back up when we fall down on snow' to 'getting back up when life knocks us down.' To achieve this, the coaching needs to excel beyond pushing them to be the best athletes they can be, to becoming the best people they can be. When we build our team of coaches, beyond athleticism, we look for character and strength in leadership, believing that strong leaders build strong leaders, empowering our athletes to enter the next phase of life equipped with the tools necessary to reach the life goals they set out to achieve."

**- Dylan Kobriger,**

*SSCV Head Coach Snowboard & Freeski Weekend Program*

"We are so grateful for the unique, unparalleled coaching and education Dylan has received with SSCV Freeski Park & Pipe and VSSA. Being a full time athlete in Middle School & High School has enabled him to soar in the classroom and in the park."

**- Boyes Family**

"As an SSCV alum, I can attest to the positive influence that this club and sport have had on my life. Now, as a coach, I am able to share my experience in skiing and my passion for the mountains with future generations, in hopes they will one day do the same. It is fun and rewarding!"

**- Matt Luczkow,**

*SSCV Head Big Mountain Coach, SSCV alumnus and former professional skier*

“Teaching kids about a sport I love during their formative years is a fantastic opportunity. Being able to teach a healthy lifestyle and begin to teach time management skills in a way they can relate to is incredible.”

- **Brad Kreuz,**  
*Head Mogul Development Coach*

TYLE

A full-page photograph of a mogul skiing competition. In the foreground, a skier in a white and black suit is captured mid-backflip, with their skis crossed. The course is a snowy slope with several moguls. Red and blue flags with the 'Kittington' logo are placed along the run. In the background, a crowd of spectators and officials stands on a higher elevation under a clear blue sky.

“Freshly retired from Freestyle Canada, joining Ski & Snowboard Club Vail was a real leap of faith for me. After a full year with the SSCV FIS mogul team, I not only feel welcomed, but can honestly say that I’ve found a new passion of working directly with rising stars. Our athletes have come through with great accomplishments all year round, and it’s been a blessing to share special moments, ups and downs, push our limits, and grow as athletes and individuals. I can’t wait to see the levels we can reach moving forward!”

**Philippe Marquis,**  
*SSCV Head FIS Mogul Coach,  
Former Freestyle Canada National Team member  
and Olympian*

“The years that we spent together at Ski & Snowboard Club Vail were priceless. How else would we have gone to Newfoundland as a family for the Junior World Freestyle Championships?”

· **Debra Duke,**  
*Former SSCV Trustee  
and parent of SSCV  
mogul alumnus Andrew Duke*

"In 2020 SSCV Mogul closed out the competition season with strong performances at Junior Nationals. After things shut down in the Spring, the mogul community worked together for a safe return to sport and training. From Quebec, FIS coach Phil Marquis led the team in a deeper dialogue about technique and tactics with video analysis of World Cup performance and online homework for his athletes. In the summer, SSCV families rallied to host 'bubbles' for our Mt Hood Camp and to daytrips for water ramps. SSCV Mogul has had an innovative and enthusiastic response to finding a way forward amid the challenges of the COVID-19 epidemic. SSCV Mogul continues to lead the way in the US with a strong presence on the US Team and athletes who succeed on the world stage and come back to contribute at home. Last year, Dylan Walczyk, the highest ranked US World Cup skier, both trained with us and coached our skiers. This year we've retained our coaching talent and have plans to bring on help from 2018 Olympian and former SSCV athlete Casey Andringa."

**- John Dowling,**

*SSCV Mogul Program Director*

“Not only did SSCV inspire my dream of becoming an Olympic Champion for mogul skiing, they made it a reality. Every SSCV coach that I had the pleasure of working with encouraged more passion for the sport and always managed to teach me something about character while coaching my technique. I’m still in touch with every SSCV coach I’ve had because of the impacts they’ve made on my life that go far beyond the scope of mogul skiing. The resources, relationships, and opportunities that SSCV provided are the reason I am an Olympian today.”

**Tess Johnson,**  
*U.S. Mogul Team athlete,  
Olympian and SSCV and VSSA alumna*

"SSCV affords its athletes access to some of the best coaching, facilities, and education opportunities in the country. Believe in the system, and let your athlete develop and shine within these amazing programs. The sky is the limit with the support of SSCV, reach for the stars."

**- Amy Owens,**

*Parent of SSCV and VSSA mogul athlete and  
US Mogul Team member*

"I've grown up in the hands of SSCV. First as an Alpine Ski Racer, then as a Nordic Skier in its inaugural year with SSCV, then returning as a professional Nordic Ski Racer, and now as a coach of our youngest group of Nordic Skiers, the Future Stars. It's been full circle for me, just like a family. Every year, I can't wait to ski with and teach both new and returning kids wanting to try their hand at the beautiful sport of Nordic Skiing."

**- Sylvan Ellefson,**

*SSCV Director of Nordic Future Stars, World Cup Nordic Ski Racer, Bates College / NCAA All-American Nordic Skier and SSCV and VMS Nordic alumnus*

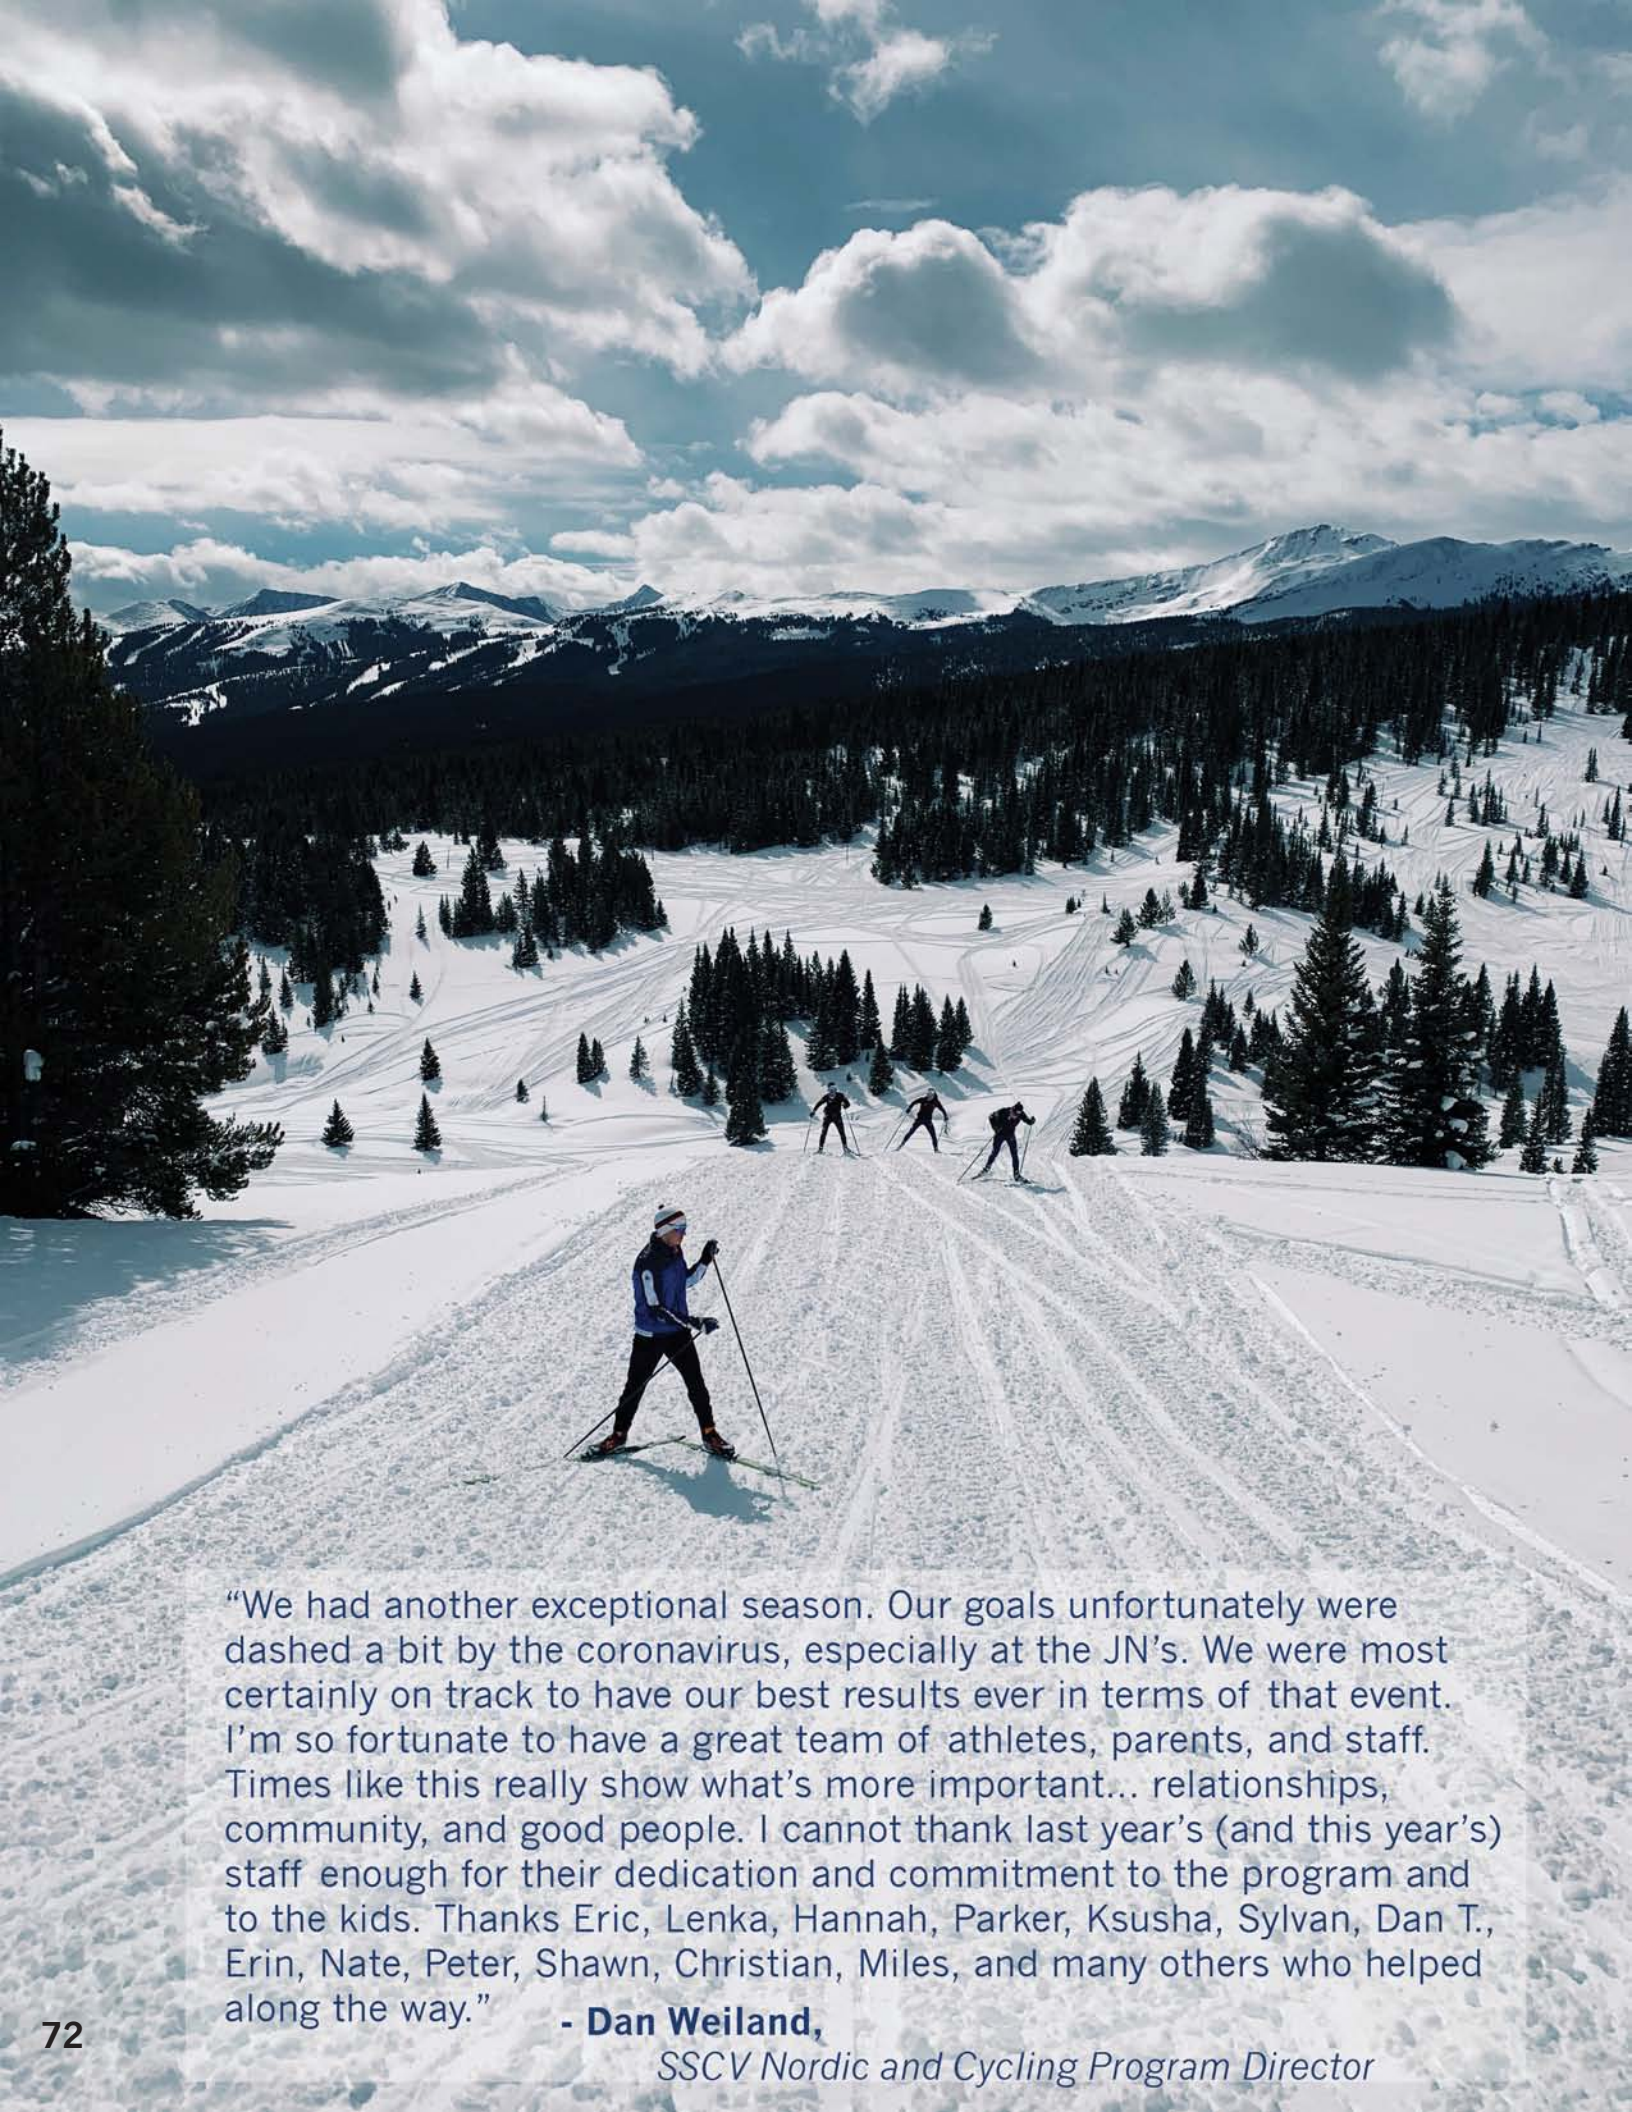

"The 19/20 Nordic season was another very good one for our program. Cross Country Skiing is truly a lifelong sport that fosters a strong community: we experienced highs and lows, a few tears and a lot of smiles and laughs, making for a wonderful experience that we will carry with us forever. Having the opportunity to share the benefits of a lifelong passion for this healthy, active outdoor lifestyle is a privilege that I am proud to have. This program is a close-knit community and each year I look forward to connecting with athletes, both on and off the race course. I look forward to seeing what the future holds for kids who were part of the 19/20 season as they go out to make the world a better place."

**- Eric Pepper,**

*SSCV Nordic Program Head Coach*

"We had another exceptional season. Our goals unfortunately were dashed a bit by the coronavirus, especially at the JN's. We were most certainly on track to have our best results ever in terms of that event. I'm so fortunate to have a great team of athletes, parents, and staff. Times like this really show what's more important... relationships, community, and good people. I cannot thank last year's (and this year's) staff enough for their dedication and commitment to the program and to the kids. Thanks Eric, Lenka, Hannah, Parker, Ksusha, Sylvan, Dan T., Erin, Nate, Peter, Shawn, Christian, Miles, and many others who helped along the way."

**- Dan Weiland,**

*SSCV Nordic and Cycling Program Director*

“Having the privilege to be a part of Ski & Snowboard Club Vail while working with the Freeski and Snowboard program, has truly been an experience of a lifetime. Our coaching team has proven to be among the top in the world as they assist to help our kids reach their dreams. Our dryland training facilities have grown immensely, giving the tools needed to be a top contender in their discipline. One of the most rewarding aspects of this job is not only helping with competitive goals but being a part of helping kids grow up to be good people with great moral values. I couldn’t be more proud to surround myself with a ski and snowboard club of this caliber.”

**-Chris Laske,**

*SSCV Freeski and Snowboard Program Director*

"My favorite aspect of having my child train with SSCV is the coaches. They are all highly qualified to help each child obtain their goals, but the part I appreciate most is their genuine care and concern for the athletes."

**- Jenna Palmiter,**

*Parent of SSCV and VSSA snowboard athlete*

"The Snowboard Park and Pipe program at SSCV has been continuing with great success year over year, and the 2019 - 2020 winter season was no exception! Our Team focus continues to be working within our local Rocky Mountain USASA series to earn invites to the US Revolution Tour, NorAm Cup and World Rookie Tour events as our athletes become ready. A solid season was had by all as our entire full time team earned invitations to the USASA National Championships, which was unfortunately cancelled.

Post graduate athlete Dave Retzlaff had a standout year last season on the NorAm cup, taking the top spot twice, first in Sun Peaks Canada and then again in Moonstone while working his way through to qualify for his first World Cup final in Mammoth, CA at the US Grand Prix. SSCV also saw 7 athletes earn their spot for the US Revolution Tour. Congratulations to SSCV snowboarders Brooklyn Depriest, Hayden Tyler, Kade Martin, Brian Rice, Clay Copenhaver, Viviana Oram and Olivia Lisle for earning their spots last winter!"

**- Ronnie Barr,**

"Joining SSCV has been an honor and privilege working with some of the best coaches in the industry. Snowboard racing is a way of life, and the focus of these athletes, as personified by way of example by one of our athletes who began at the bottom of the NorAm field of competitors and fought to the top junior position in the US. Not only is he a top athlete but he also maintained an exemplary GPA throughout his journey at VSSA. This is what our club and academy is all about, and what I as a coach am especially proud of to be a part of such an organization with such values and worthy goals."

**- Phil Reynolds,**

*SSCV Head Snowboard/Freeski Cross Coach and parent of  
SSCV snowboard alumna and SSCV snowboard athlete*

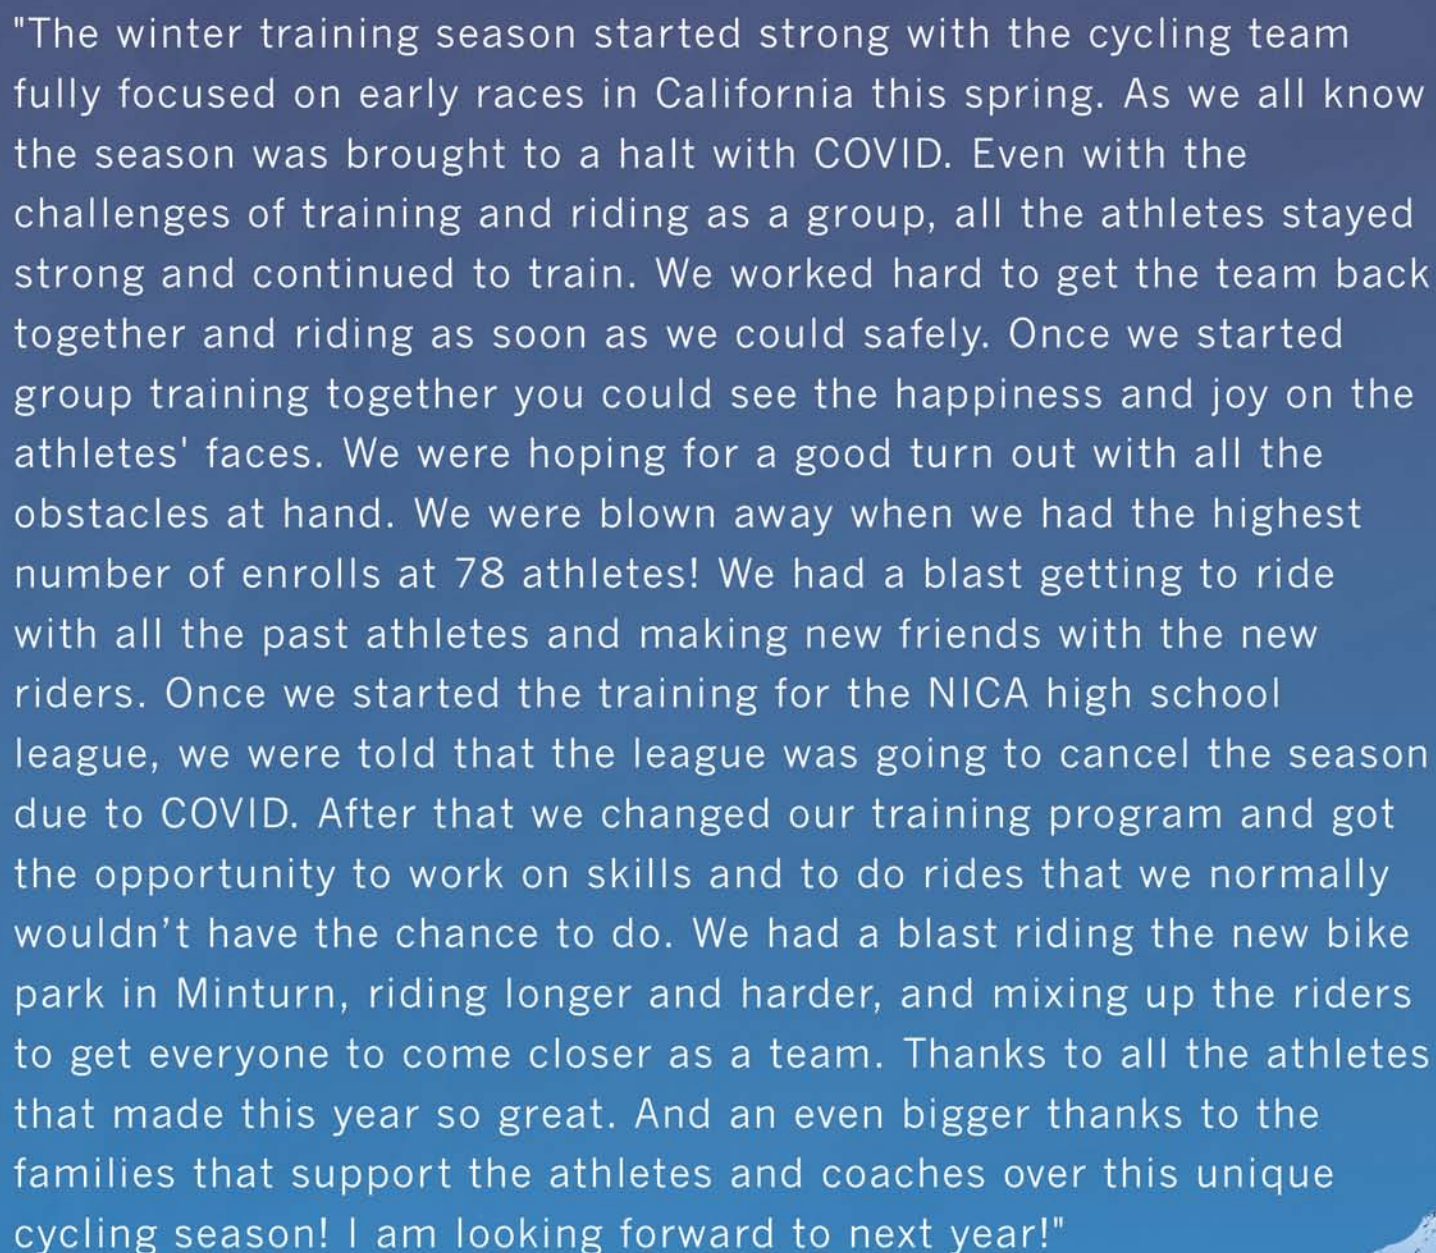

"The winter training season started strong with the cycling team fully focused on early races in California this spring. As we all know the season was brought to a halt with COVID. Even with the challenges of training and riding as a group, all the athletes stayed strong and continued to train. We worked hard to get the team back together and riding as soon as we could safely. Once we started group training together you could see the happiness and joy on the athletes' faces. We were hoping for a good turn out with all the obstacles at hand. We were blown away when we had the highest number of enrolls at 78 athletes! We had a blast getting to ride with all the past athletes and making new friends with the new riders. Once we started the training for the NICA high school league, we were told that the league was going to cancel the season due to COVID. After that we changed our training program and got the opportunity to work on skills and to do rides that we normally wouldn't have the chance to do. We had a blast riding the new bike park in Minturn, riding longer and harder, and mixing up the riders to get everyone to come closer as a team. Thanks to all the athletes that made this year so great. And an even bigger thanks to the families that support the athletes and coaches over this unique cycling season! I am looking forward to next year!"

**- Miles Gentry,**

*SSCV Athletic Development Coach*

Through strong partnerships developed over the years, SSCV full-time athletes can pursue their passion for snow sports or full-time cycling in parallel with focusing on a rigorous academic curriculum at one of SSCV's Academic Partners. These academic partnerships are another piece of the foundation SSCV has laid to enable SSCV and its athletes to be the best they can be.

- ≈ Vail Mountain School
- ≈ Vail Ski & Snowboard Academy
- ≈ Red Sandstone Elementary School

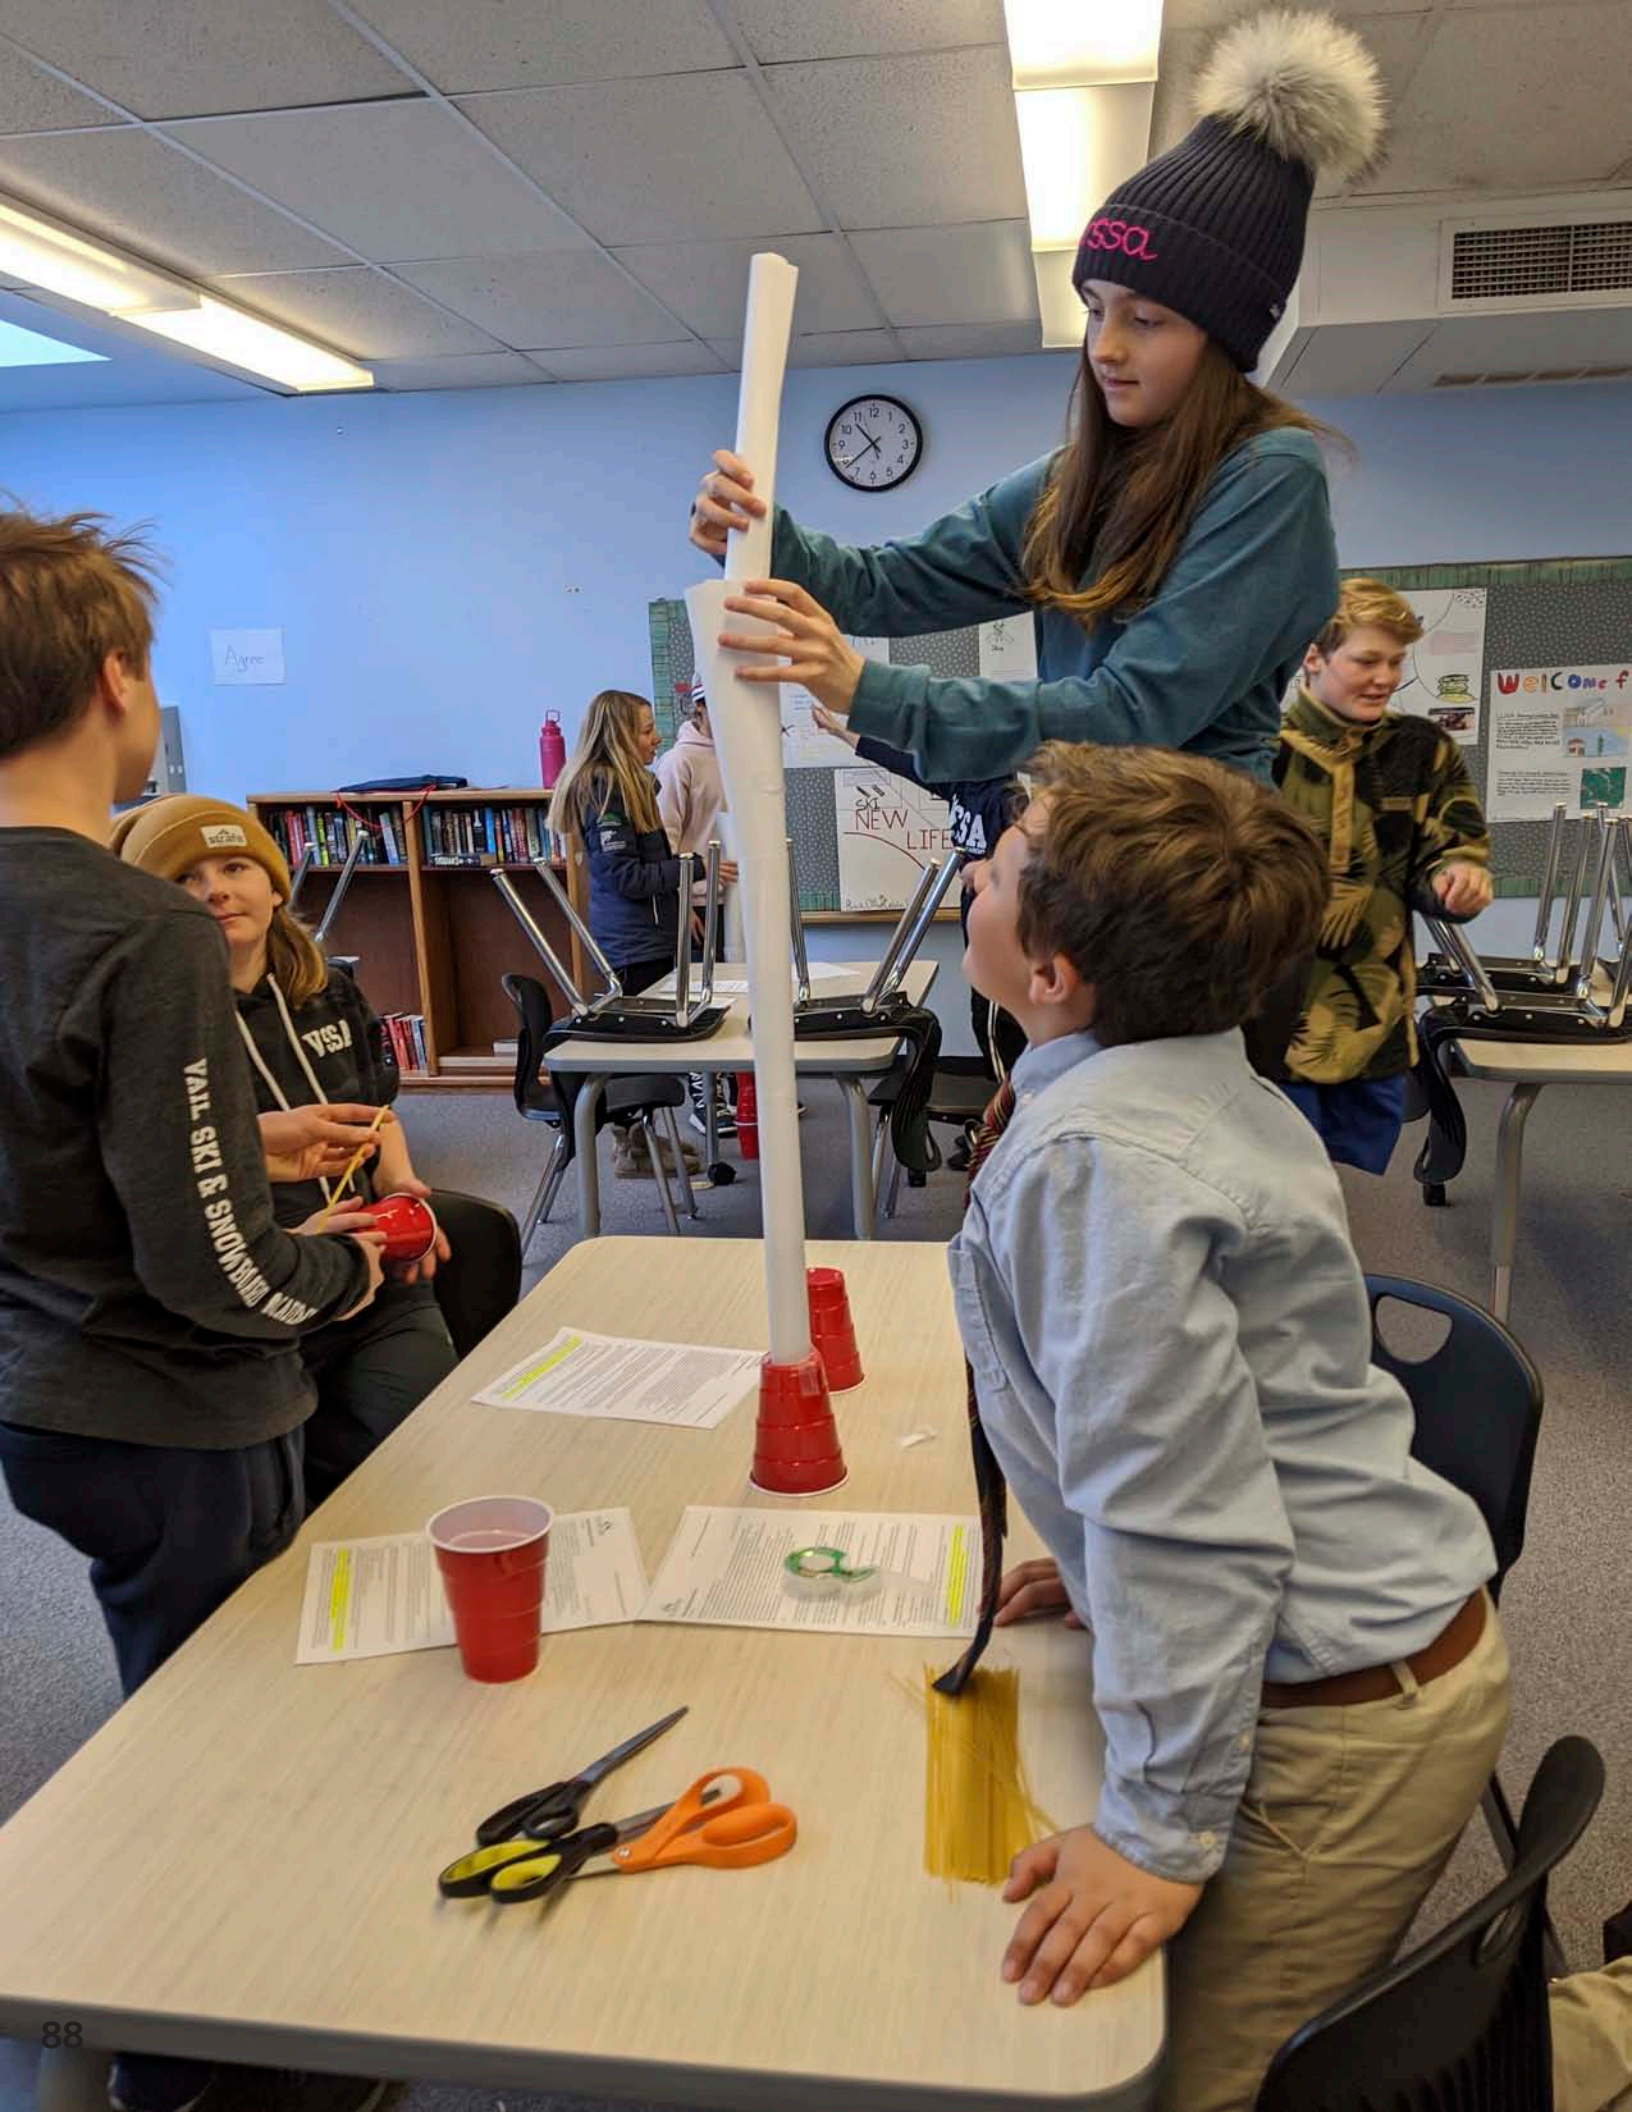

"The relationship that exists between SSCV and Vail Mountain School is among the most progressive, innovative and proactive partnerships I have ever encountered. At the heart of our relationship is the unique opportunity for athletes to achieve great success on snow, at a national or even an international level, while balancing the demands of a rigorous, high quality college prep academic program. Diligent collaboration, cooperation and communication enable our two organizations to provide this extraordinary and life-changing opportunity for our student athletes."

**- Mike Imperi,**

*Head of School - Vail Mountain School*

"Vail Ski and Snowboard Academy is proud to be what we believe is the only public ski academy in the United States. Our strong relationship with Ski and Snowboard Club Vail allows top upcoming talent in the country to receive a rigorous education while pursuing their dreams in sport. This partnership can greatly reduce a parent's cost of participation. We work closely with SSCV to tailor a training and school schedule to facilitate chasing that time on snow."

**- Wade Hill,**

*Principal, Vail Ski and Snowboard Academy*

"Red Sandstone Elementary is proud to partner with SSCV to provide a customized pathway for students to pursue their athletic passion for snow sports while maintaining an individualized academic program. Students who participate in the cooperative program build global-ready skills setting them up to be successful students and athletes."

**- Marcie Laidman,**

*Principal, Red Sandstone Elementary School*

During the 2020 fiscal year SSCV raised a portion of its annual operating budget in support of the day-to-day operations of SSCV as well as financial assistance through various development initiatives including the Annual Campaign, corporate sponsorships, event sponsorships and special events. SSCV also fundraised in support of Vail Ski & Snowboard Academy athletes through an Academic Fund. In parallel with the above, the Golden Peak Expansion Capital Campaign raised funds in support of the Golden Peak Expansion, snowcat and mogul venue at Golden Peak. In-kind donors were also instrumental in enabling SSCV to achieve its goals this past fiscal year.

Sponsorship initiatives included the Steadman Clinic Vail Cup, Helly Hansen Alpine and Nordic Town Series, the SSCV Cycling Team and Alpine Bank Get in the Gates. Off-snow special events included the Ski & Snowboard Swap, Bike Swap, Golf Tournament, Cocktails & Bowling auction and Donor Recognition Dinner Paddle Raise and auction. A huge thanks also goes out to the many volunteers who contributed to the success of SSCV development efforts throughout the year.

Please join us in thanking the following supporters who have been instrumental in enabling SSCV to accomplish its strategic points of emphasis, and in turn, provide the level of quality commensurate to the needs and goals of all our athletes so they can become the best they can be.

Many thanks to SSCV's donors and sponsors!

# Alpine Bank

Member FDIC

"Ski and Snowboard Club Vail is a very important part of the Vail Valley Community and we at Alpine Bank are passionate about supporting our Communities, creating close community ties and giving back to organizations such as Ski and Snowboard Club Vail with its passion of providing the opportunity for young people to develop interests in snow sports and to be the best athletes in the world."

**- John Goss,**

*Alpine Bank Vice President - Vail*

# Streeter Reception Hall

**The Streeter Program**

St. Louis Browns Club Hall is pleased to name the Streeter Reception Hall in honor of the Streeter Program and its decades of service and ongoing support.

Streeter, who began his work with the club in 1967, was a dedicated and passionate man who dedicated his life to the club and its fans. He was a man of integrity, integrity, and integrity. He was a man of integrity, integrity, and integrity.

The program brings together a diverse group of St. Louis Cardinals who are dedicated to the club and its fans. They are dedicated to the club and its fans. They are dedicated to the club and its fans.

Streeter and other donors have provided over \$1.5 million in support of the St. Louis Cardinals Foundation.

In 2015, the program made a \$100,000 gift to help complete the new St. Louis Cardinals Club Hall and the St. Louis Cardinals Foundation.

The St. Louis Cardinals Club Hall is a non-profit 501(c)(3) organization with a mission to provide a place for fans to gather, socialize, and enjoy the game. The club hall is a place where fans can come together and enjoy the game.

**In Memoriam**

**Walter Kirch**  
February 10, 1927 - November 11, 2015

Walter Kirch was a dedicated and passionate man who dedicated his life to the club and its fans. He was a man of integrity, integrity, and integrity.

Streeter Program Co-Founder, 1989  
President, Streeter Program, 1990-2015

Streeter of the Hall Reception Club and  
Streeter of the Hall Reception Club and  
Streeter of the Hall Reception Club and

He is a man of integrity, integrity, and integrity.

"For 36 years, the Streeter Program has been providing significant financial support to Ski & Snowboard Club Vail, and we couldn't be prouder of our long-term and continuing relationship with this fine organization. Since 1986, when the Club built its second floor and doubled its enrollment to 118, we have watched as SSCV grew into one of the premier Ski Clubs in the country. We've seen the incredible impact the Club has had on the young people it serves, turning out internationally competitive skiers and boarders who are first and foremost fine young men and women.

We are particularly impressed with what the Vail Ski & Snowboard Academy, the first public ski and snowboard academy in the country, has been able to accomplish for the children and the community in just a few short years.

The Streeter Program was the brainchild of Bjorn Erik Borgen, chair of the SSCV board in 1986. In 2018, Bjorn encouraged the Streeter Program to provide a capital gift to support the recent Club renovation, and to name the Streeter Reception Hall, where Bjorn's good friend and co-founder of the Streeter Program, Walter Kirch, is memorialized on the Wall of Fame. The beautiful new Club House and the Streeter Reception Hall have made us doubly proud to be associated with SSCV – an association that we hope will continue for many years to come."

**- Alan Danson,**

*Streeter Group Board Member*

"As parents of four alpine athletes, my wife and I were clearly drawn to SSCV for its excellence in athletic development. Since joining SSCV over 10 years ago, we have been consistently impressed by the rigor of SSCV's programming, enabling our children to achieve their athletic potential. Now that two of our kids are in college, we realize how much their SSCV experience has also developed many of the skills required to succeed in life, such as, discipline, persistence, and resilience. We could not be more pleased with our family's journey with SSCV."

**- John Keane,**

*SSCV Board of Trustees Chairman and parent of SSCV alpine and VMS alumni Jack and Brendan and current SSCV alpine athletes and VMS students Kaitlin and Patrick*

"Our family is proud to be part of SSCV and grateful how the SSCV community including coaches, staff, parents and athletes form the lives of our children on and off the snow. When planning for the construction of the new SSCV Clubhouse became a reality, we were excited to be part of this new chapter and show our gratitude and involvement to SSCV with the donation of our time and that of our team along with the custom wood material to make the place the SSCV community calls "home" as warm and welcoming as possible."

**- Christina and Balz Arrigoni,**

*Parents to SSCV alpine athletes and owners of Arrigoni Woods*

“Whether someone becomes an Olympic level athlete or not, SSCV creates an environment for young people to grow and develop in myriad ways and remain lifelong enthusiasts for the beauty of snow sports. The Vail Valley Foundation and SSCV have been partners for decades. Every World Cup ski race or Alpine World Ski Championships that VVF has organized in our valley allows these aspiring young athletes to be part of something very special. We could not run our annual Xfinity Birds of Prey Men’s races without the incredible commitment and hard work of the SSCV athletes, coaches and parents.”

**- Mike Imhof,**

*President - Vail Valley Foundation*

# SSCV FINANCIAL ASSISTANCE

More than 290 athletes received financial assistance this fiscal year, totaling over \$648,000.

Dear SSCV for The Kids  
Committee,

Our Family is so  
overwhelmed by the generous  
support of this 2019/2020  
scholarship!

Thank you for supporting  
my nordic fees, the  
continued support of this  
scholarship fund has enabled  
me to focus on my skiing  
gear around.

I am proud to be  
skiing for ski & snowboard  
club vail! my coaches  
and teammates are like a  
family to me.

I am excited for the  
season, and this might not  
be possible for me without  
this scholarship support.

Dear SSCV,

Thank you so much for your generous  
contribution! You have helped my family so  
much and have helped me get on snow again!  
I can't wait to prove to you my  
potential and work hard on and off snow  
to show the community what kind of club  
we are. I promise to make you  
proud!

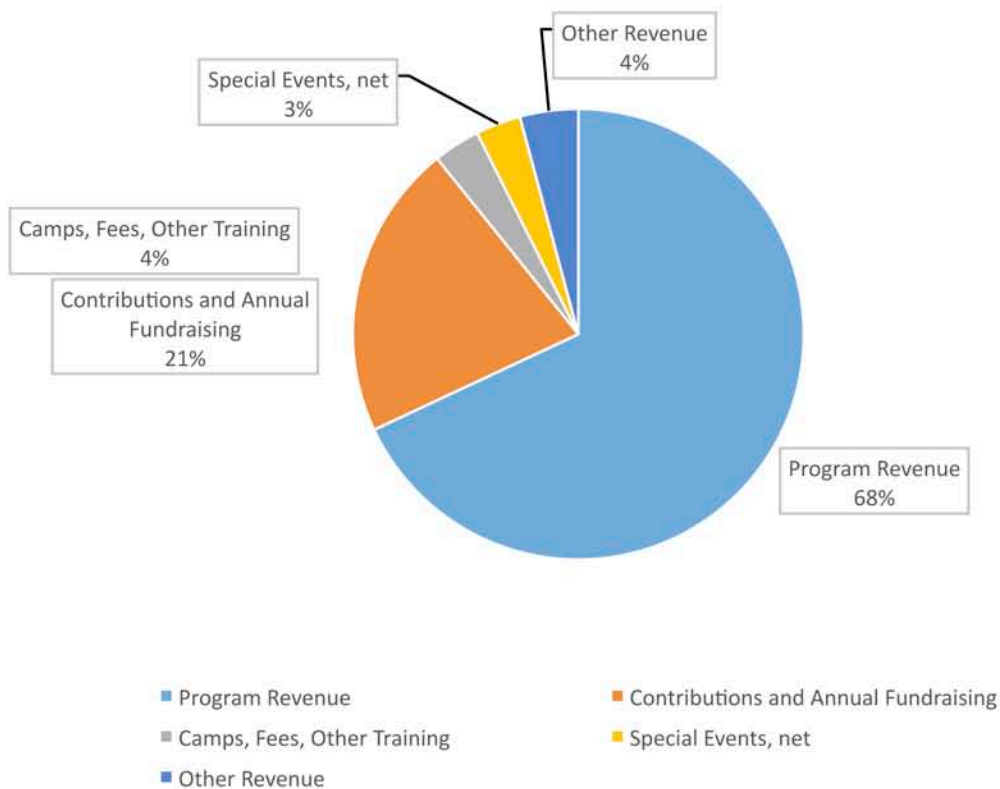

"The enormous support our family receives through SSCV financial assistance overwhelms me with gratitude. Skiing is my childrens' entire life, and the fact that SSCV is able to provide this support to athletes that train and dedicate themselves to achieve their skiing goals, means the world to me and my children. SSCV's commitment to its athletes' continued success through this financial assistance is just as powerful as the athletes themselves in their commitment to their sport. The gratitude my children feel to SSCV and what SSCV, in part through its supporters, has done to enable them to not only reach their goals each new season, but exceed them, is immeasurable. Thank you for allowing them to soar..."

**SSCV Program Spending FY 2010-FY 2020**

## HOW SSCV EARNS REVENUES

- Program fees from athletic programs
- Contributions and fundraising for both capital projects and through annual campaigns including the Leadership Council
- Revenues from camps, fees and other training
- Special events including the annual Ski Swap, regional and national races and events

## HOW SSCV PROVIDES PROGRAMS

- Full Time, elite level programs for athletes at VSSA and other academic partners
- Part Time, emerging level programs for athletes across the five snowsports
- Weekend and entry level programs with a high degree of accessibility

## FY20 FINANCIAL HIGHLIGHTS

- FY 20 Revenues increased to \$6.64 million, compared to \$6.18 million in FY 19, primarily due to higher fundraising.
- FY 20 Expenses were \$6.67 million, an increase of almost \$660,000 compared to prior year. More than half of the increased expense is payroll.
